Digital Transformation in Financial Services

Jonas Hedman, Stefan Henningsson
Associate Professors
Department of Digitalization,
Copenhagen Business School

The Specialization explored the evolving world of finance, focusing on the changing dynamics caused by the conversion of products and services into digital goods, new customer demands and changing regulation that follows in the swells of digitalization. Specialization participants have learned about concepts such as digital platforms and business ecosystems, been exposed to the emerging Fintech landscape and learnt to master a new toolbox for competing on innovation in the digital era of finance. In the final Capstone Project, participants have created and defended a holistic digital transformation strategy for a real world company.

The online specialization named in this certificate may draw on material from courses taught on-campus, but the included courses are not equivalent to on-campus courses. Participation in this online specialization does not constitute enrollment at this university. This certificate does not confer a University grade, course credit or degree, and it does not verify the identity of the learner.
